# BESPOKE WEDDINGS

DESIGNED,

CURATED,

AND

CRAFTED,

## FOR TODAY'S BRIDE

---

A note from the founder:

Hi, I'm Amy Grace and I've been planning weddings for almost two decades! Wow, the industry hasn't just changed, it's completely transformed! Between the Pinterest ideas, Instagram inspo, and the simple desire to remain economically and ecologically conscious; bridal couples today are finding the combination hard to find without sacrificing some or all of what they envisioned for their day.

I want to change that. I believe you can have it all. It just takes removing the traditional status quo which the industry has preached is a "must", tipping it up on end, and delivering a magical day that you will remember for a lifetime at a fraction of what the traditional way costs.

Bespoke weddings by Amy Grace Events are designed for the bride that wants the big decisions made for her with the freedom to adjust the intimate details. The bride that wants affordability without sacrificing look, feel and aesthetics. The bride that wants incredible photos and video that she can appreciate for a lifetime. The bride that wants the ceremony and the fellowship of friends and family to be the foremost aspects of her day. The bride that wants something smaller than conventional and most importantly, a bride that wants to enjoy her wedding and live it in first person without breaking her piggy bank.

So I encourage you to check out Bespoke-Dexter. It's sure to wow.

Cheers,

Amy Grace Collins

## WHAT'S A BESPOKE POP-UP WEDDING?

*Eco Friendly, Budget Friendly, All-Inclusive, Luxury weddings for any Bride.*

The average American wedding is a whopping \$34,000. We do it for a third of the price. Yes, some can do it cheaper, but to do that, you have to DIY most of the process, essentially become a professional wedding planner, and live your engagement in a constant state of frustration and anxiety due to the massive amount of decisions and details that need to be made. With a BeSpoke wedding by Amy Grace Events, we have taken away 90% of the stressful planning process and have just left the fun details for our bridal couples to choose from. So how do we do it? We take three couples and have you share and distribute the cost of a traditional wedding over the course of one day. There are three slots to choose from. Two are 3 hours and one is 4 hours. Very similar to a destination wedding at a resort, you pay one vendor, us, we take care of the rest.

We have taken care of the big items: stunning venue, amazing food & beverage, beautiful event design, organized event coordinators, epic florals, world-class photographer & videographer, trendy rentals, meaningful officiant & energetic DJ. What we leave behind are curated options that can be chosen to help personalize your wedding in the way that best showcases you. The only things left to pay for is your attire, marriage license and rings!

To ensure that your wedding is picture perfect we use a very small team of vendors that "pop-up" all over the country who are industry leaders. They are primarily based out of Santa Barbara, CA. We are able to reduce the average wedding cost by 66% with this innovative model.

With pop-up weddings being the hottest request of 2020, we hope to offer an out-of-the-box option that many couples are asking for. Dates are limited so choose yours today!
